

INGLEBY BARWICK TOWN COUNCIL

Proposed Community Centre, The Rings, Ingleby Barwick

Ingleby Barwick Town Council is working in partnership with Ward Councillors, Stockton Borough Council (S.B.C.) Officers and Persimmon Homes, to provide a new Community Centre, adjacent to the new park within Village 6, The Rings, Ingleby Barwick. The proposed building will incorporate the long awaited and much needed 'Youth Cafe' facility on the upper floor, the funding for which was obtained by the Ward Councillors in 2008 and a suitable site has continued to be pursued.

The ground floor layout will be similar to the existing Community Centre situated within Village 2, Beckfields. It will cater for local groups and will provide for activities such as Guides, Scouts, Dance Classes and other community interests. A Dance Group and a Guide Group have already expressed an interest in hiring the hall. The building will also include a permanent office for Ingleby Barwick Town Council.

Plans for the layout of the building were approved at the Town Council meeting held on 11th June 2014. These were designed by a local architect who has provided his services free of charge, which is very much appreciated.

Persimmon Homes have also kindly offered to fund the planning permission fee costs and submit the plans to S.B.C. for consideration.

It is hoped that the project will be on site during the 2014-2015 financial year.

The Town Council would like to take the opportunity to thank residents for the comments received following the recent public consultation on the matter.

The Town Council will keep you informed on progress.

Broom Hill Avenue, Ingleby Barwick - Proposed Pedestrian Crossing Improvements

A scheme is being progressed to improve the pedestrian crossing facilities on Broom Hill Avenue near St. Francis of Assisi CofE Primary School.

The proposed measures include removal of the staggered island and provide a straight across Zebra Crossing facility further south, a suitable distance north of The Pasture. A School Crossing Patrol is recommended at this site, appropriate warning signs are proposed. The ghost island, right turn lane into the side road will be removed as part of the scheme, this is not justified in traffic flow terms. An advisory part-time 20 mph limit has been recommended in line with S.B.C. policy to leave a 20 mph zone outside of every Primary School in the Borough.
